

Whether you're looking for a place to host your corporate meeting, wedding, or company holiday party – [Venue 221](#) is one of Denver's newest event venues with something to offer to any occasion.

Centrally located right in the heart of Cherry Creek, clients love that the venue is conveniently close to many Denver businesses, restaurants, shops, and parks. Its mid-century modern interior design and architecture help the space differentiate itself from others in the region, yet the venue is still able to match the contemporary, elegant style of its surroundings, as well. It's no wonder why it was our first pick to host our second annual Sip and Savor wedding planner luncheon, back in February of 2017. Here are some images from that event, also featuring florals and décor from [Newberry Brothers](#) and [Event Rents](#).

To book your next occasion at Venue 221 or to schedule a visit, contact Amy at hello@venue221.com.

Venue 221: 221 Detroit Street, Denver, CO 80206
