

This Valentine's Day we wanted to feature one of our most-memorable couples, who truly exuded love for one another through and through: Lindsay and Jaron.

This couple was so sweet throughout the whole planning process and laid-back on the big day – they simply adored each other and wanted a chic, yet casual and intimate wedding with their closest loved ones.

So to make it the perfect day, they enlisted the help of some top-knotch vendor partners:

What was your favorite part about Lindsay & Jaron's wedding?

I loved their color palette. It was soft and romantic, but sophisticated and chic. Typically in an industrial space such as Moss, I see much darker tones, with very little color. ☐

How would you describe the overall "look" or theme of the wedding?

It was definitely Industrial Chic with a twist of Bohemian.

Why did the couple choose [Moss](#) over other venues?

They both love the city and wanted to share it with their friends and family. They also liked the exposed brick, existing chandeliers, and hanging Edison bulbs. It provided the backdrop they desired, without adding a ton of décor.

Any unique challenges that arose in the planning that you were able to overcome?

Lindsay and Jaron wanted a casual and "no-fuss" reception, that would allow them to mingle and hang with their closest friends and family. However, they also wanted to show a ton of hospitality to their guests. In lieu of a seated/plated dinner, guests were treated to a never-ending cocktail reception, complete with amazing nibbles from [Occasions](#), sweet

treats from [The Makery](#) and [VooDoo Doughnuts](#), and fabulous drinks from [PEAK](#). All the while having the time of their lives on the dance floor and in the photo booth.

How would you describe Lindsay and Jaron?

Seriously, THE SWEETEST COUPLE ever!!! Their love for each other, their puppy dog Finley, their friends & family, and people in general, exuded on their wedding day. To give an example of how amazingly sweet these two are – they ordered chocolate chip cookies for their vendor team to enjoy during setup! I mean, how thoughtful is that?! Love them!!
